Sydney Sketch Club

Artist: Marg

Sydney Sketch Club had a fabulous day trip to our beautiful Marulan on Saturday, 20 February 2021.

11 sketchers travelled to Marulan, a couple who had never been to our small town and obviously loved the historic buildings. Keely, one of their artists, was the most intrepid, venturing into the long grass behind the Billy shed to paint that fabulous old truck.

Jennifer Foreman took over the club in 2009 from the founder who was returning to America. Over the 10 years since then, she has been organising weekly sketch meetups in the suburbs all over Sydney, moving to creative online challenges during lockdown last year.

Since COVID, as people could not travel overseas, SSC is concentrating on short painting 'holidays' within regional NSW, and 30+ members (and non-sketching partners) have visited Nowra/Milton, the Cowra region and Bathurst/Lithgow/Orange in the past 12 months.

Future weekends away are planned for Bundanoon/Exeter (possibly in April) and Goulburn/Taralga (after Winter!) not too far from us. If there are any budding artists in our community interested in these trips, Jennifer advises that you are most welcome to register your interest by going to www.meetup.com/art-494 and clicking on the Join Us button.

We look forward to welcoming Sydney Sketch Club members to our area again in the future, and perhaps a Workshop can be organised for locals to learn new techniques.

Tribute to Janelle Humphreys

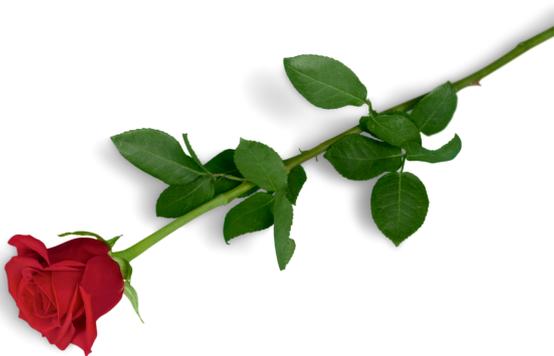

As we say goodbye to another season, and the last summer flowers shed their petals, we are sorely reminded that in 2020 we said goodbye to a precious flower of our own, the kind, intelligent, elegant - Janelle Freda Humphreys.

A qualified chemist, an exceptional horticulturalist who opened her beautiful garden to the Open Gardens scheme in Marulan, an inaugural member of the Marulan garden volunteers, a champion for the Goulbourn Hospital Palliative Care Unit, and an active member of the Chamber of Commerce - Janelle planted seeds in all facets of our community.

The seeds continue to blossom and grow - through her enduring love for David, her family, her dear friends and her lasting contributions to the community. Many will especially cherish the seedlings that Janelle grew and sold to raise funds for the beautification of Marulan.

We will be planting Janelle's irises this Spring in her memory to continue her legacy.

In lasting, loving memory, she will be sorely missed by us all.

Welcome back to our new and revamped Discover Marulan newsletter.

Well, what a wonderful Christmas Street Party it was with so many families attending and receiving complimentary gifts, toys and food from every retail outlet in Marulan.

This event was made possible through the generosity of the Quarries, Gunlake, Boral and Holcim, who agreed to carry forward monies allocated to the Kite Festival, a victim of COVID, to an event organised by the Chamber, free to all residents, as a thank you for their loyalty during COVID restrictions.

It is hoped that it will become an annual event to bring our community together to enjoy the spirit of Christmas without the added expense.

As the Chamber supports the Quarries and the benefits they provide for the town, we are pleased to support Gunlake and their expansion to their operation. This will increase jobs and, therefore, increase residents with added support by Gunlake for community events and improved facilities.

Gunlake have proved to be good corporate citizens, and we feel any objections to their expansion will be dealt with, with the community in mind.

We hope you enjoy our new Newsletter and invite you to visit our website for information about the Chamber and their work in the village.

Women's Story Workshop

Strength

Could you be one of our 15 women?

We want 15 women, all ages, to share stories, laughter & conversation, exploring the strength, courage & resilience of Southern Tablelands women through climate challenges.

What does it take for a woman to thrive in this region?

What have we learnt from our mothers and grandmothers that helps us?

Inspiration

Inspired by the story of Colonial heroine Betsy Balcombe, the Workshop will celebrate the women of our region & record their stories for posterity.

No experience in storytelling? Can't think of a story to tell? Don't worry! That's exactly what this workshop is for!

Through guided written exercises, discussion & practical activities, award-winning theatremaker & storybuilder Alyson Evans will lead you through 2 days of workshops, delving into your thoughts & memories & stories of the women that have come before.

Celebrate

Bring a friend, your mother, grandmother, daughters. It's a fun & welcoming workshop that will connect you to other strong women, celebrating all that our local women have achieved.

Marulan Cricket Club MAD Bulls

Marulan Cricket Club, also known as the MAD Bulls (Marulan and District), plays in the Goulburn district cricket association.

The club's home ground is Marulan Cricket Grounds (MCG).

Our Club

The club has a rich and successful history established way back in 1866. The MAD Bulls were one of the first teams to play on Glebe Park Oval, now known as Bradman Oval, back in 1889 against Bowral. Famous past Australian cricketers to have played on the Marulan Cricket Grounds (MCG) include Sir Donald Bradman and Bill (Tiger) O'Reilly.

The club had a break from 2012 till 2020. The current club committee Rob Collins, Ben Dunn and David Insley all got together in early 2020 and decided to resurrect the MAD Bulls once again and keep as much history in the new-look club. In the 1st year back in the Goulburn competition, the MAD Bulls have successfully come back, taking out the T20 competition. In early March 2021, the turf wicket will be dug up and relaid, ready to be played on in the new 21/22 season.

For information on how to join, please email robcollins01@hotmail.com and follow the MAD Bulls on FaceBook @marulan-cricket-club

HUME HIGHWAY UPGRADES - MARULAN

2nd March 2021

Mayor: Councillor Bob Kirk

General Manager: Warwick Bennett

FOR IMMEDIATE RELEASE

Goulburn Mulwaree Council has been made aware of the upcoming upgrade of seven kilometres of the Hume Highway near Marulan.

The project is expected to commence in June and will last 18 months. We have concerns that homes in Marulan may be affected by noise, dust and light spill around the project sites, and we believe community consultation with the residents of Marulan and these homeowners' needs to be undertaken urgently.

The actual daily times of work have yet to be finalised, but the contract will allow for work to be undertaken between 12am Monday to 12pm Friday. Transport for NSW have stated they will be able to delay works on public holidays or if they are aware of a large event that will attract high traffic usage on the Hume Highway. Transport for NSW have also stated that they will undertake dilapidation reports on heritage homes in Marulan and will maintain access to Marulan from the Highway at all times.

Although access to Marulan will be maintained, we also have concerns around the effects on access to the quarrying industry which is a significant contributor to our economy and employment.

Council has real concerns that the main tender is about to be advertised, and we are now just three months away from the start of this work, with no consultation with the being undertaken.

As we receive further information we intend to share this with the community as soon as possible.

Marulan Xmas Street Party

Well, what a wonderful time we all had at the first Marulan Street Party on Sunday, 20 December. The Chamber, with the support of our friends Boral, Gunlake and Holcim who readily agreed to roll over their Kite Festival sponsorship to this event, which included the Chamber members, and all the other stores in Marulan, provided a free event with plenty of good food, gifts, entertainment and a chance for the Chamber to thank the community for their support during this challenging 2020.

Due to restrictions, we were unable to have a small Christmas Choir. However, the Christmas tree and gifts for the children, courtesy of Chamber member Norm Yammine, Yammine Family Foundation, was a wonderful contribution and many thanks.

Chamber members Sarah Smart, and Sharon Makin, worked tirelessly in putting this event together and did a marvellous job. All the children, approximately 250, had a great time with their parents and followed the snowflake prints with their Christmas bags.

To all the businesses in Marulan, a great big thank you, and I am sure the community are very appreciative. It was done as a thank you to the community for their support during the difficult COVID year and realising that Marulan was its own bubble and could source all needs inside that bubble.

She is also heavily involved with: the Marulan Progress Association, Marulan Public school, Marulan Kite Festival, Australia Day Committee, Monday Seniors Activity Group and Clean Up Australia Day, to name a few. Meditation Workshop in Marulan Tuesday 9th March 2021 - 11 am to 12noon

We start the course by learning how to meditate. We use the correct way of breathing and come to concentrate on it. Then we will combine the breathing with some simple exercises that will help you to relax. When we have mastered the basics, we can now earnestly begin to let our minds do their work. First, we need to get rid of all the chattering that seems to go constantly on in our heads. This will finally lead to meditation with a purpose. Now we can use this newly acquired skill to overcome the shortcomings and obstacles in our life. You will learn to see the world and yourself with different eyes.

We all have two selves. One is the self which includes the material self, the physical self, the emotional self, the mental, intellectual, self, and the ego. The other one is our soul. Of course, the soul doesn't materialize, but it still pervades every part of our body. Because the soul is the real self, the answer to who you are and your purpose on this planet.

You will now examine every aspect of your life, emotions, mindset, and sensory perceptions. Sometimes even dealing with subjects that seem to be irrelevant at first glance but turn out to be quite important. Now and again, the course also includes guided meditations. These will bring up some situations that might be beyond our lives' realities but are nevertheless part of our hopes and dreams. All these practices and exercises will lead to one outcome. To make yourself more peaceful, surer about your potential and the magnificent joy of knowing your real self.
