

December 2019

Marulan | Tallong | Bungonia | Towrang

WINGELLO STOCKADE

Some years ago a lady called Mrs. Bunt lived at Tallong and she wrote a series of articles for "the Barbers Creek News" which was published by the Tallong School. One of Mrs. Bunt's memories was when she visited the old Wingello Stockade when she was a young girl. Her memoir is as follows:

"Just across the highway from the old Wingello Hotel was the "Lock-up" we called it. It was built of sandstone. It had very narrow cells and windows with bars. The stone steps were well worn down. Not far away was a sandstone cottage where the soldiers lived.

The "Whipping Tree" with a big ring was close by. The old people often spoke of seeing blue lights around it where they believed that some prisoners had died.

It was always an interesting place to visit. As children we would sit up on the rock near the highway and imagine that it was here that bushrangers held up the coaches.

We were told that "Nosey Bob" the hangman built a mansion down the coast but never lived in it. He had five daughters and none of them married.

Unfortunately, all of these buildings, the hotel, lock-up, and soldiers' cottage were all demolished. I could not help but feel it was a shame to see them go. They were still up and the cottage in a Sunday paper in 1928 or 1929."

Sentry's lookout rock — the only reminder of the Wingello Stockade. The lock-up and "Flogging" tree were on the now cleared hill behind.

The Wingello Stockade was established in 1834 and remained until the chained gang was sent to Towrang Stockade in 1839.

Marulan & District Historical Society

MACQUARIE'S DIARY

On 3rd April 1820 Gov. Macquarie instructed James Meehan as follows: *"Being extremely anxious as soon as practicable the Quantity of Disposable Land fit for tillage and grazing some time discovered by Charles Throsby you are instructed to proceed thither for this purpose."* Meehan set out on 14th April 1820, for the purpose of exploring the Wallandilly (spelt like that then). Later in the year Gov. Macquarie decided to make a tour of inspection of the new country himself.

He set out on 16th October from Parramatta. With him were Major Antill, Lieutenant Macquarie, Dr. Reid, Rev. Mr Cartwright & Mr. Throsby. They met up with Joseph Wild. (*"Wild tells me they have completed the road to the top of Cookbundoon Range about 40 miles hence"*).

"Friday 20th October.....arrived at St. Patricks River (Paddy's River), a very pretty, clear little stream running Northerly – with a good bridge over it. About a mile from this rivulet we came to the Wollondilly River about 12 yards wide".

The Governor was then on Arthursleigh. His journal continues....." took Mr. Meehan with me to view Hannibal MacArthur's establishment about four miles from our camp".

On his return to Sydney Governor Macquarie issued a Government and General Order which permitted occupation of "the new country".

Marulan & District Historical Society

President's Report

Welcome to the December issue of the Discover Marulan Newsletter; a Marulan Region Chamber of Commerce initiative.

As we approach the end of the calendar year, it's natural to look back at the year that's been and to reflect on both achievements and "lessons learnt". For the Chamber, this year has been full of both.

Some of our achievements include: the ongoing success of the Marulan on the Meridien Kite Festival; publication of the Marulan Region Visitors' Guide; a successful inaugural Clockmakers' Weekend; the ongoing success and growth of the Discover Marulan Newsletter; successful projects delivered by the Marulan Village Planning Committee; successfully applying for grants to help fund Chamber projects; ongoing lobbying and advocacy for our members; and donating funds to community groups, charities and locals in need.

The Chamber will be holding its end of year party for its members and, this year, we are also inviting Executive members of the various other local groups such as the Lions, the Historical Society, the Gardening Club, the Marulan Volunteers, the RFS, the Progress Association and the CWA. The Chamber advocates for a united community and values the efforts of each community group.

On behalf of the Marulan Region Chamber of Commerce, I wish all our readers a safe and happy holiday period.

Dr Stephen James

President, Marulan Region Chamber of Commerce Inc.

The Marulan Region Chamber of Commerce Inc

encourages people to support local businesses. We have a great village with great services and terrific local businesses with more yet to come. You'll find the prices at our local businesses are comparable to those in the big towns and cities. Not only that, you'll also be helping sustain our local economy. To find out more about our *Buy Local initiative*, visit the Chamber's website at marulanchamber.org.au

Marulan Garden Club

The Marulan Garden Club has a most enjoyable monthly meeting at the Uniting Church Hall or garden visits. The Marulan Garden Club meetings are held on the first Tuesday of each month at the hall, 95 George Street from 10.00 am.

If you would like further information about the Marulan Garden Club, please contact Sue Montgomery on 4841 0288.

Thursday	Tallong General Store	2:00-3:30pm	21	12	23	13

A message from the Mayor

Bob Kirk

Water Restrictions

From Monday 1st December all areas of Goulburn and Marulan with reticulated water will move to amber level water restrictions, which is the second level within Council's Water Use Policy.

The region has been on green level restrictions, which is our permanent water conservation level, with a target consumption of 270 litres per person per day.

Mayor Bob Kirk said the drought is hitting the region hard, and we all need to do our bit to conserve water as we head into what is predicted to be a hot summer.

"Residents of Goulburn Mulwaree are already very water wise, which is not surprising considering the severity of the drought we faced in the early 2000's. We are in a fortunate position with water supply security stronger than much of NSW at the moment.

"In comparison with most other cities and regions our residents do a great job, but Council is now asking the community to take extra steps to conserve our most important resource. Under amber level restrictions the target consumption is 230 litres per person per day.

"The Highland Source Pipeline is now being extensively utilised, which is just over 4 mega litres per day. This equates to over a third of our City's daily water use, and will be critically important to Goulburn if the drought continues throughout 2020"

Under amber level restrictions, use of Goulburn and Marulan water supply is restricted to:

- Hand held hose with a control nozzle or bucket can only be used between 5pm and 10am to water plants and lawns
- Watering systems and hose sprinklers can only be used between 5pm and 10am on weekends
- Paths, driveways and hard surfaces cannot be cleaned. In extraordinary circumstances for example following a health threatening incident, a hose can be used to assist to clean up
- Vehicles can be washed at any time on a lawn or porous surface using a hose with a control nozzle, bucket or low volume high pressure machine
- Private pools can only be filled when a water offset plan for that residence has been met, including the mandatory use of a pool cover when the pool is not in use. For further details see Council's Water Use Policy

The Water Use Policy has 3 distinct levels of permanent water conservation measures based on total storage volume and HSP bulk water transfer triggers. The three levels are green, amber and red – Council's policy has the full details of each level and is available to view on our website.

Council Closures

- Civic Centre – closed 12pm Friday 20th December, reopens Monday 6th January 2020
- Goulburn Regional Art Gallery – closed 12pm Friday 20th December, reopens Thursday 2nd January 2020
- Goulburn Mulwaree Library – closed Sunday 22nd December, reopens Thursday 2nd January 2020
- Goulburn Historic Waterworks – closed on Christmas Day only, open remainder of school holidays
- Rocky Hill Museum – closed throughout while new museum is constructed.
- Visitor Information Centre – closed Christmas Day only. Open 9am to 5pm Monday to Friday. 10am to 4pm weekends and Public Holidays
- Waste Management Centres – closed all public holidays, open as normal on other days.
- Goulburn Aquatic & Leisure Centre - closing 5.45pm Christmas Eve, closed Christmas Day and Boxing Day. Otherwise open as normal.

Social Sustainability Strategy & Action Plan

Social sustainability is about building a socially just and resilient community. It provides a framework through which our community can thrive, taking into account the unique social, cultural, economic and environmental factors that influence our quality of life. This Strategy provides a road map for Council to achieve social sustainability, helping us to better understand who our community is through research and community engagement and identifying the community's social needs and appropriate actions to address these needs.

The Draft Strategy and Action Plan is intended to empower Council, other service providers and community groups to work together to address our identified needs and service gaps. This document will also provide an advocacy resource for Council and other organisations to fight for the things that matter in our community.

The Draft Social Sustainability Strategy and Action Plan (Draft Strategy and Action Plan) is now on public exhibition, with the exhibition being from 29 November 2019 to 31 January 2020. The Draft Strategy and Action Plan follows both research into social issues affecting our area and initial community engagement. A Background Report and Community Engagement Report have informed the preparation of the Draft Strategy and Action Plan and can be used to better understand the identified actions.

The Draft Strategy and Action Plan can be view during operating hours at the Council or Library, 184 Bourke Street, Goulburn or alternatively can be viewed online on the Council web page under "Public Exhibition".

Written submissions may be made at any time during the period of public exhibition, but must be submitted to Council before close of business Friday 31 January 2020.

Submissions referencing the "Draft Social Sustainability Strategy and Action Plan" are to be addressed to: The General Manager, Locked Bag 22, Goulburn NSW 2580, alternatively they can be emailed to Submissions@goulburn.nsw.gov.au. Council also invites comments to be made on the Goulburn Mulwaree Yoursay webpage at <https://yoursay.goulburn.nsw.gov.au/>.

For more information please contact Strategic Planning on 4823 4444. Information about the Draft Social Sustainability Strategy and Master Plan can also be found on the Goulburn Mulwaree Yoursay webpage or alternatively on Councils website at <https://yoursay.goulburn.nsw.gov.au/>

Clockmakers' Weekend Wrap-Up

Thank you to the Chamber of Commerce who initiated the Sydney Clockmakers' Weekend in line with the rebranding of Marulan being on the 150th Meridian and to Gunlake who, with the Chamber, kindly sponsored the event.

It was a great success with approximately 20 Clockmakers demonstrating their handmade machinery and clocks as well as running a clock appraisal section. There were over 250 people who attended this event.

Thank you to Sharon Makin who gave the Clockmakers a tour of Boral and afternoon tea on the Friday afternoon and to Cheryl Bell who braved the weather and took partners to Bungonia Wines on Saturday afternoon and to the Historical Society who gave an Historical Walk of the buildings in George Street on the Sunday morning.

David Humphreys and Joe Blicharz kindly acted as Security Guards and oversaw the safety of the clocks etc overnight on Saturday.

The CWA catering in the hall was of an excellent standard as was the Sausage Sizzle by the Lions Club.

The charity of choice was the Goulburn Palliative Care and Oncology Support Group who collected gold coin donation entrance monies as well as appraisal forms and coins. Happily they raised over \$700. The Historical Society ran a raffle and raised sufficient funds to erect additional shelving needed.

The Goulburn Visitors' Centre kindly sent their colourful advertising van manned by Jennifer Barrington and were helpful with our advertising campaign.

The Goulburn/Mulwaree Council reduced the costs involved in rental of Hall, fittings and Tony Onions Park as this was a non-profit event.

Thanks to Jill Wall who did a great job on advertising layout and print and to Lora Labu who attended and put together the eye-catching digital copies on Facebook and Discover Marulan.

The restaurants/cafes, supermarket, book exchange and shops benefited from this influx of extra visitors and it was an opportunity to show our Village at its best.

Lastly, thank you to Stephen and David who are always enthusiastic and encourage projects that enhance the Village of Marulan.

Linda Blicharz & Janelle Humphreys, Event Co-ordinators

Hi Everyone,

Just a quick reminder that the Book Exchange is CLOSED IN JANUARY so Jill + Glenis can have a holiday!

So make sure you come in December and see the great range of books we have for holiday reading.

We've filled up our FREE bookcase in the Marulan Memorial Hall too, so check out the titles. You might find something you, or someone you know, would like to have over the holiday break.

There are quite a few new JAMES PATTERSON titles along with NORA ROBERTS who is always popular with readers.

And the latest Jack Reacher title is out and the Book Exchange has a copy.

Also if you like thrillers JEFFREY DEAVER is a good choice and we have some MICHAEL CONNOLLY back titles on offer.

There are also lots of new titles to choose from and don't forget our range of DVD's and CD's as well.

See you in February 2020, and we wish everyone a Merry Christmas & a Happy & Safe New Year,

Jill + Glenis

2nd SATURDAY of EACH MONTH at

Marulan & District Historical Society

A Brief Review of 2019

We have many requests for help with family research including the Holt family on Arthursleigh and Big Hill and the Brown family from Queensland who wanted to know where their ancestor, Thomas Brown's headstone was located. This led Maureen on a quest to research Thomas Brown's history and in the meantime unearthed some extremely interesting history of his wife, Mary Carrigan.

Our members have also been very involved with Tallong Apple Day, Marulan Kite Festival and the Clockmakers weekend. There have also been information days when some of our members have conducted town walks along George Street explaining the history of our heritage buildings.

Our President Russ and Vice President George have been very busy organising the building of our MARC extension; the walls have been insulated, electrical wiring is in, plastering completed and we are just waiting for window and door trim to be completed. It is hoped that it will be officially opened early next year.

A working bee is held almost every Monday of the year, where a group of about 8 – 10 members meet to catalogue, sort and research. It isn't all hard work as we enjoy a lovely cuppa and there is a lot of oral history discussed, anyone is welcome to join our happy little group.

Looking Forward to 2020

We have been out to Big Hill twice with people who are interested in the church etc. We have been working closely with Big Hill residents, especially Julie Cordingley. It is hoped that next year, in conjunction with the people of Big Hill, Sydney University and Steve Burgun, manager of Arthursleigh, we can organise a Bi-centenary of the visit of Governor Macquarie in October 1820.

In the New Year we hope to have combined meetings to plan a huge celebration. When the Holt family visited and also the bus load of interested people from Bowral, they all indicated that they would love to come back. When Julie was at the Taralga Historical Society celebrations, she mentioned what Marulan/Big Hill were planning and everyone was asking if they could come.

Invitation

Goulburn Regional Art Gallery

Join us at 6pm, Friday 6 December to launch our new spaces and mark the opening of our summer exhibitions, 'Of the Sun' curated by Gina Mobayed, Aishah Kenton's 'Second Exit' and 'The Window' curated by the Gallery Volunteers.

'Of the Sun' brings together seven artists from across Australia - each of their distinct practices a rich contemplation of our relationship to the earth's natural elements and the role they can play in our personal journeys. The exhibition delves into an expanded understanding of the physical world through immersive experience and process, with practices across performance, painting and installation. 'Of the Sun' presents new commissions and key works from each artist, who as individuals are as bold and powerful as the work they make. Clothilde Bullen, Senior Curator of Aboriginal and Torres Strait Islander Collections and Exhibitions at the Museum of Contemporary Art Australia, will open the exhibition.

Southern Tablelands Rail User Group

STRUG representatives met with an advisor for Regional Transport Minister Paul Toole. We gave him a submission which covered a number of issues. We asked for a variation to the diesel train contract to include tilt train technology. We made it clear that we are not against the governments desire for track upgrading but we understand that it will take many years, probably decades, and regional NSW needs shorter travel times now.

We also asked the Minister to schedule the morning Opal card services (Endeavour trains) to more suitable times. Our survey indicated that passengers wanted to arrive in Sydney between 9.30-10am and the early service at a time to get them into Sydney for an 8.30am start again. Anyone with an 8.30am start on the current timetable has to drive to Moss Vale. There has been an Endeavour train on standby at Moss Vale for some months now and we have asked for this train to run a shuttle service between Moss Vale and Goulburn during the week and we have asked for the 8.20am service which departs Goulburn over the Christmas-New Year weekend timetable to be permanent year round with the 4pm from Sydney extended to Goulburn in the afternoon. We have suggested that a morning commuter service from Moss Vale to Canberra be run with a return afternoon service. This would help to open the Canberra job market up to Southern Tablelands and Highlands residents.

We are worried that not enough Intercity diesel trains have been ordered in the new contract to provide the current service levels let alone running any new services. We currently have 14 Endeavour Intercity trains and the new order only calls for 10 new trains.

Cheers,

Greg Price
President

Southern Tablelands Rail User Group

Seniors' Christmas Party

Each year the Marulan and District Lions' Club hosts a Christmas party for local seniors. This year, as usual, the food was beautiful with the entertainment being provided by the Marulan branch of the U3A singers along with a group from the Goulburn Regional Ukulele Band - a fun afternoon for all.

This year's raffle proceeds will go to drought relief. The Lions' members also collected donations during the week at the BP service stations.

Our local Lions are a small but dedicated group who work extremely hard for their community and their efforts are very much appreciated.

Country Women's Association Report

18 members and friends visited Goulburn's historic home "Garoorigang" on 12th November. What a fabulous visit we had, with Stuart Hume and his wife Anna showing us around their beautiful, heritage-listed home.

The home started as an Inn and was then converted to a boys' boarding school. It has since reverted to a family home. The grounds and gardens are absolutely beautiful - well worth a visit. The photo below is of some of the group in the schoolroom, where records of study, sport and mischief can be seen.

This month we have also been busy making pamper packs for ladies affected by drought and collecting goods for hampers to be delivered to Anglicare for distribution. If anyone would like to contribute anything towards the hampers, please contact me.

Our next project is knitting bags for native animals that have been injured in the devastating bushfires.

The CWA would like to take this opportunity to wish everyone in our community a safe and happy Christmas.

Our monthly meetings are held on the 3rd Wednesday of each month at our rooms at 28 George Street, Marulan, at 10.00a.m. for 10.30 a.m. New members are always welcome.

Lions Club of Marulan & District

The 100 club is now in its 5th week, giving five lucky winners \$100.00 each. To date the winnings numbers were 54, 79, 40, 25 and 72.

This months member profile is Maureen Symonds.

Q. Where were you born?

A. Middleborough, United Kingdom

Q. What was your favourite subject at school?

A. Geography.

Q. What were your favourite activities as a child?

A. Playing in the street, hopscotch, skipping, conquers and dolls.

Q. For whom do you have the greatest historical respect?

A. Sir Winston Churchill.

Q. What is your favourite food?

A. Chinese.

Q. What are you most proud of?

A. My children

Q. What is your favourite type of music?

A. Country and anything I can dance too.

Q. What was your funniest life moment?

A. Performing a rendition of 'Dancing Queen' in front of 100 seniors at the Lions Xmas Party

Q. If you were Prime Minister what would be the first thing you would change?

A. Sort out the hospital system.

Q. What are you most passionate about?

A. Patchwork classes and Lions Club.

Q. What was your most embarrassing moment?

A. Passing loud wind in a Chinese restaurant.

I thank Maureen for this interview and look forward to bringing your readers profiles on all of our members. New memberships are now open.

Marlene Skipper, Communications Officer

A MONTH IN THE COUNTRY

DECEMBER 2019

TO DO THIS MONTH ...

CONTINUE weeding & dead heading **WATER** new & young plants as necessary

LOOK out for **PESTS** on roses!

FINISH pruning spring-flowering shrubs **CUT** back & tidy up perennials **PLANT** out summer annuals-

MOW the lawn (what lawn!) and trim edges regularly. **GIVE** tired and sad lawns a boost with a liquid feed. **HARVEST** vegetables as they come to maturity

PLANT slow-maturing winter crops such as leeks. **KEEP** fruit & vegetables well watered if you can during the dry time

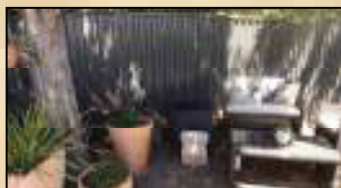

SHADE plants from extreme heat

PLANT out vegetables such as tomatoes & capsicum to get good crops this season.

Last month we featured the small water tank from Bunnings around 300 litres. Just think, that is around 30 watering cans or around 10 litres per can of water for your plants, or, 5 litres per plant. Yes, it is a lot slower than using the hose but ... it's water wise and that's very important in these very, very dry times.

Happy Gardening!

OUTDOOR SEATING IDEAS

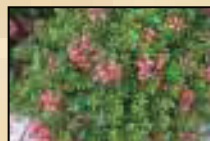

WEATHER WATCH ...

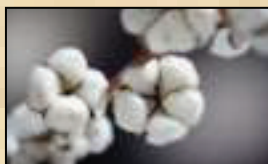

Australia will have abnormally warm weather to the end of the year with above avg. daytime temps across most of the country. Night time temps. will be warmer into February then may start to ease in early 2020. (Source: BoM)

SOMETHING TO CONSIDER

There is a range of fire retardant trees & shrubs which can be grown in Australia such as .. **EVERGREEN TREES** Cape Lilac, Magnolia, Acacias, Lily Pily, Citrus trees & Ficus to name just a few. Or **DECIDIOUS TREES** - Flame Tree, most ornamental Pears, Chinese Elm, Judas tree, Apple trees. **EVERGREEN SHRUBS** such as Aloe, Salt Bush, Cotton Bush, Emu Bush, Santolina & Strelitizia. **DECIDIOUS** plants, Correa, Oleander, Virburnam, Escallonia, Acacias, Melaluca, Photinia, Silver Cassia. The range is much bigger than this, check it out on line or in your gardening books

Chinese Elm & Escallonia

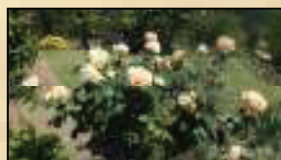

Cotton Bush

PLANTS THAT BEAT THE HEAT ...

A group of plants that positively thrive in hotter, drier conditions is the Mediterranean herbs - thyme, oregano, sage & rosemary. There are so many pretty varieties now on sale, many with coloured or variegated foliage, that it's tempting to make a feature of them near the kitchen door.

PLANTS IN POTS Whether it's pots of petunias on your verandah, vegetables in containers, or potted cuttings, plants whose roots are confined to a pot or container require closer attention than plants grown in the ground.

Water and feed all container plants regularly. A good regular soaking is better than a daily sprinkle from the hose. Move indoor plants outside for some extra light. A spell outside will be like a well earned holiday for your plants.

Rose "Diamond Jubilee"

Friendly garden visitor

Group pots together for more impact

Merry Christmas

The Divall's Team wish everyone a safe & happy festive break & look forward to working with you in the New Year!

We will be closed for the Christmas & New Year public holidays, but will be able to assist with your earthmoving & quarry needs during this time.

Marulan South Limestone Long Service awards

Boral Marulan South Limestone Operations held its annual Service Awards presentation night on October 17th at the Blue Plate Restaurant in Goulburn.

In this day and age where we are told people change jobs every 3 years or so, it is a privilege to acknowledge and celebrate staff who are dedicated to working with us long term.

During the night, there were lots of discussions about the past and future for the operation with a multitude of old photos on display for all to see.

The following Long standing staff, received their award on this night.

Darryl Young	30 years
Dean Waldon	30 years
Mat Cushan	30 years
Paul Young	30 years
Craig Johnson	40 Years

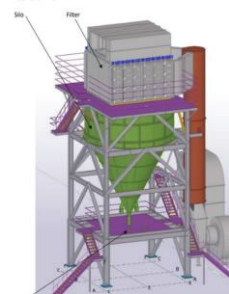

Peppertree Quarry De Dusting system

We'll shortly be seeking approval for a modification of Peppertree Quarry's planning consent (our sixth), designed to improve air quality and dust management outcomes associated with our crushing and screening plants.

Through 'MOD 6', we'll ask the NSW Department of Planning, Industry and Environment (DPIE) to endorse the replacement of our existing air filtration systems with two 'baghouse' filters and associated ducting.

A baghouse works by drawing air containing particulates in through a 'hopper' before being directed to filter bags.

The bags capture suspended particulates, while the now clean air is pushed through an outlet. Bags are routinely cleaned, with the removed material mixed with water and emplaced in an approved overburden area.

The proposed baghouse will be located within the existing processing area and will not require any significant changes to operations. We'll be seeking to lodge the application with DPIE in the lead up to Christmas.

Holiday wishes

With the end of the year nearly upon us our thoughts turn to family, Christmas and the holiday period.

At all our sites, before we start a job we take five minutes to think about what could hurt us and how it can be prevented.

With that in mind, we ask that you 'Take 5' **before** You travel; or string those lights; or place decorations on the tree; or purchase Christmas gifts; or go out and party.

From the Boral teams at South Marulan, we thank you for your ongoing support and wish everyone a safe and happy Christmas.

Bush Fire Survival Plan

WHAT WILL YOU DO TO KEEP YOUR FAMILY SAFE?

**The more prepared you are
for a bush fire, the better your
chances of survival**

- ☐ The middle of a bush fire is no time to start thinking about what you should do. Having a Bush Fire Survival Plan will help you avoid making last minute decisions that could be deadly.
- ☐ Your Bush Fire Survival Plan outlines what you need to do to prepare yourself, your family, your pets and what actions each member of your family will need to do to be safe.
- ☐ Everyone's Bush Fire Survival Plan will be different - the important thing is that it works for you and your family.
- ☐ A good plan will consider the different situations you may be faced with and what you will do if things go wrong. In a bush fire, the situation can change quickly and your plan should cover this.
- ☐ Make sure everyone in your family knows and understands your Bush Fire Survival Plan. Practice it regularly and keep it where you can find it.
- ☐ Download your Bush Fire Survival Plan today at www.rfs.nsw.gov.au and for more information please call 1800 NSW RFS.

There are many benefits to completing a Bush Fire Survival Plan. Completing a Bush Fire Survival Plan will help you to...

- ☐ Make an informed decision on whether you will leave early or stay and defend your property.
- ☐ Understand your level of risk. Knowing your level of risk means you will be able to make the safest decision for you and your family.
- ☐ Prepare your property. A well prepared property is more likely to survive a bush fire even if you leave early.
- ☐ Prepare a back up plan. Sometimes, no matter how well prepared you are, things don't go to plan. That's why, whether you plan to leave early or stay and defend, you need a back up plan.
- ☐ Check that you have adequate insurance to cover your property from damage from a bush fire.
- ☐ Act quickly. Some fires start and spread so quickly that there is no time for any waiting at all.
- ☐ Have a trigger to put your Bush Fire Survival Plan into action with little warning. Hesitating or adopting a 'wait and see' approach could have deadly consequences for you and your family.
- ☐ Ensure that you have thought about care options for your animals.
- ☐ **PREPARE.ACT.SURVIVE.**

**YOUR BUSH FIRE
SURVIVAL PLAN**
*will help provide protection
for you, your family and
your pets.*

PREPARE.

ACT.

SURVIVE.

THE CREATIVE COOK

STICKY CHICKEN DRUMETTES

Serves 4

INGREDIENTS:

16 Chicken Drumettes (1kg)
3/4 cup tomato sauce
1/3 cup plum sauce
2T Worcestershire sauce

METHOD:

Preheat oven to 180deg.C
Combine sauces in large bowl,
add chicken & toss to combine
Place chicken on an oiled rack
(spray with canola spray) over a
large baking dish. Roast chicken
for about 30 mins. or until cooked
through, brushing with marinade
every 10 mins.

Sticky Chicken
Drumettes

Lemon Dill Coleslaw

LEMON DILL COLESLAW

Serves 4

INGREDIENTS:

1 white cabbage, grated
1 cucumber, diced
1 spring onion, chopped
1 radish, halved & sliced
1/2 bunch chopped dill
4T sunflower oil
1 1/2t vinegar
1 lemon, juiced
Salt & Pepper to taste

METHOD:

Prepare vegetables & place in salad
bowl. Whisk together the oil,
vinegar, salt & pepper and lemon
juice.
Toss dressing through coleslaw
until vegetables are well coated.
Serve with Stick Chicken Drumettes

Broccolini with

Brown Sugar Pecan
Palmiers

Vegetarian, Gluten Free,
Low Salt, Low Sugar

BROCCOLINI WITH HONEY

Serves 4

INGREDIENTS:

700g broccolini,
halved lengthways
1T light soy sauce
2t honey
2t toasted sesame
seeds

METHOD:

Steam broccolini in
microwave for 3 mins.
Combine sauce, honey
& 1T boiling water in small
jug. Serve broccolini
drizzled with sauce,
sprinkle with sesame
Seeds.

BROWN SUGAR PECAN PALMIERS

Serves 8

INGREDIENTS:

1 cup pecans
1/3 cup brown
sugar
50g butter
2 sheets puff
Pastry

METHOD:

Preheat oven to
180deg.C. Process
nuts, sugar & butter
until mixture is
chopped finely.
Sprinkle 1 pastry sheet
with half the nut
mixture. Fold two

opposite sides of pastry inwards to meet
in the centre (see picture above). Fold each
In half again to meet in the centre. Repeat
process with remaining sheet of pastry, cut
pasty into 1cm slices, place on a baking tray-
lined with baking paper. Bake for 15 mins.
until golden brown. Cool.

Tallong Twitterings

Midway through its 100th year, Tallong's War Memorial Hall is still the centre of community activities.

Since it was opened in May 1920, it has seen dances and wedding receptions, farewells and commemorations. It sheltered the community during and after the disastrous 1965 Chatsbury bushfire and has been the scene of many a card night and school concert even, during the 1970s, hosting local children roller skating on the polished floor. Only one unfortunate incident has been publically recorded when, after a village social in January 1935 while Messrs Davenport and Hoare were counting the takings, two men reached through the pigeon hole into the office and attempted to grab some of the silver! Mr Davenport (described in the newspaper report as "although not a young man") gave chase but the miscreants got away.

In the early 1920s the Tallong Horticultural Society held an annual Flower Show in the Hall and this morphed into Tallong Agricultural and Horticultural Show which despite being discontinued during World War 2, was reinstated in the 1950s and continued for some years. Now of course we have the annual Apple Day Festival on the first Sunday in May.

Until June 1973, the Hall was run by a locally elected Hall committee. After this time the NSW Department of Lands took over with trustees being appointed for periods of 5 years (with the possibility of extension). The original trustees, appointed as of 15 June 1973 were: Joan Margaret Grace, June Margaret Lucre and Ethel Joan Johnston with Jean C. Bunt being appointed an additional trustee in August 1975. In June 1981, these trustees were replaced by Suzanne Maria Montgomery, Heinz Muenster and Kerry Ann Randazzo with Russell William Montgomery replacing Heinz Muenster in 1986. One of the suggestions that has been put forward to celebrate the centenary of the opening of the Hall next year is a new honour board to be erected commemorating the service of all the Hall Trust members to the Tallong community.

In the meantime, on Friday 6 December 2019, starting at 7pm, the old walls will resound with "Rootsy Rock N Roll" when Harry Hookey and his Desert Alien Band, supported by Southern Highlands local, Jo Caseley, return for one night only. Tallong Hall is a favourite with both Harry and Jo for its enthusiastic audiences and great acoustics. Tickets are \$25 per head and BYO your own drink and food. Fresh pizza will be available from The Midge, Tallong but pre-ordering is essential. Bookings can be made via TRYBOOKING:
