Mr Howard Collins OBE, Chief Executive NSW TrainLink and Sydney Trains

Mayor Bob Kirk, Goulburn Mulwaree Council

The VIP's were treated to a sit-down lunch after the ceremony at the railway station and an inspection of the refurbished station platform garden. His Excellency the Honourable TF Bathurst AC, Lieutenant-Governor of New South Wales unveiled the plaque on the commemorative rock donated by Boral. Four trees were then planted in the newly established car park garden by the Lt Governor, Angus Taylor, Federal Member for Hume, Pru Goward, State Member for Goulburn and Howard Collins OBE, Chief Executive NSW TrainLink and Sydney Trains.

We thank Sydney Trains and NSW TrainLink for their generosity in providing the plants and the work which has gone into both these gardens and look forward to further enhancement of the platform garden which was tended lovingly by Frank Jordan and his wife Ona and won many railway prizes. We'd also like to thank Paul Daly, Station Manager at Moss Vale, and a Marulan boy originally, for his invaluable help and interest.

Dugald & Janet Black have compiled and printed 3 booklets of historical notes of the stations.

Book 1 - Kareela - Penrose - Cable's Siding - Wingello

Book 2 - Uringalla - Tallong - Morrice's Siding - Barber's Creek Bridges

Book 3 - Marulan & Medway Junction

These 3 books will be available from the Historical Society for \$2 each

They contain many interesting facts, including some reminiscences about past station masters, fettlers and other railway workers, historic photos and lists of workers from many of the stations. These lists are in no way complete and we welcome any information about anything to do with any of these towns and railways.

Many thanks to Dugald and Janet for their hard work and research.

The displays of railway memorabilia and artefacts in the Memorial Hall were enhanced by the hard work of Lorraine Lorkovic and her creative touch with her mannequins and we thank all those people who lent and donated their valuable memorabilia for the day, especially Leon Oberg for the use of his wonderful collection of rescued photos from the old railway carriages.

The MDHS would like to thank wholeheartedly Boral Peppertree and Marulan South Limestone for their involvement, help and funding of this celebration – it wouldn't have happened without them.

From the selection, transport and placing of the granite rock in the station carpark garden, to printing the historical booklets and supplying the souvenir merchandise; all made this celebration day fun and memorable, thank you.

Commemorative rock donated by Boral.

### Marulan Railway Station Opening - 150 Year Anniversary

As I type this column I am looking forward to the celebrations of the 150 Year Anniversary of the opening of the Marulan Railway Station to be held this Sunday 5th August.

Marulan is a town with significant history and I always find you do a great job in recognising and celebrating these events. Congratulations in advance to the Marulan District Historical Society who have put significant effort into planning the day – the forecast is for a nice winter's day of 15 degrees and sun. I look forward to seeing you at the event.

### Outreach Meetings Approaching

The 2018 Community Outreach meetings are again approaching and the schedule for this year's meetings is now finalised. These are a great chance for Councillors and Senior Staff to engage directly with the communities to hear what is going well and what isn't.

The Marulan Outreach Meeting will again be held in the Marulan Hall and this year will be on Thursday 25th October from 6:30pm. For our readers in Towrang your meeting will be held on Thursday 29th November from 6:30pm, while the Tallong meeting will be held on Thursday 6th December from 6:30pm.

I look forward to seeing you all at these meetings later this year. Please also remember that if you have an issue that needs immediate attention to call us on 4823 4444 and our Customer Service team can help you out.

### Marulan Village Plan Working Party

At our meeting to be held Tuesday 7th August we will be appointing the community representative to this working party. Representatives have also been appointed from the Marulan Chamber of Commerce, Marulan Lions Club, Marulan & District Progress Association, Holcim, Boral and Gunlake.

The Marulan Village Plan will guide priority projects for the area over the coming years, and I am looking forward to seeing the working party get underway.

### Aquatic Centre Plans Unveiled

In July the plans for redevelopment of the Goulburn Aquatic Centre were unveiled presenting an outstanding upgrade. I know that many from Marulan and the wider area utilise the Aquatic Centre for fitness, leisure or our great Learn to Swim programs.

Plans include a new indoor pool hall with two lap pools, new change rooms, a café, additional indoor warm water pool, sauna, spa and an outdoor water play area following a scope change for the design that was approved by Council in April this year. Most importantly the facility once upgrade will be able to accommodate our region for decades to come.

The development will be assessed by the JRPP with a date to be advised. Once assessment is complete we will be able to move forward in completing the final design and project estimate which will allow us to complete construction contract documents. Council hopes to advertise a tender for construction towards the end of this year. Behind the scenes we will also continue lobbying for grant funding for this outstanding regional project.

Council engaged Design Worldwide Partnership (DWP) to undertake the design in 2017. DWP are well recognised within the architecture and aquatic centre industry as an award winning firm.

### Household Chemical CleanOut a Success

The annual Household Chemical CleanOut was hosted on the last weekend of July and I am told was a great success. I hope many residents of Marulan managed to take advantage of the Clean Out which was hosted at the Marulan Waste Management Centre. The event is held annually in July and will again be put on in 2019.

# August President's Report

Council has started the new financial year by planting trees down Portland Ave and will expand into other streets in that area. As this is an effort to beautify the village, if you have a tree outside your house, a bucket of water each week will ensure their survival.

The water station in Meridian park has been plumbed and the station will be set in place after the cement base has set. The delay in this project was caused by the late arrival of the fixtures.

People will note that the IGA is underway and the palm tree has been moved to an area outside of the footprint for the parking lot. The developer Rob Younan was sensitive to the village's attachment to the icon and, although the council had given permission for the tree to be chopped down, had the tree moved and replanted at his expense.

The developer has joined the chamber and, at our last meeting, stated again that he is keen to sit down with businesses that feel they will be adversely affected by the IGA to seek ways of lessening those effects.

Preparations for the kite festival are proceeding and an exciting program is in the making.

The next meeting of the Chamber will be our AGM when a new executive will be voted in.

## Country Women's Association

Some of our quilters are going to make a quilt, with members putting in towards the cost, to be used as comforters to help rape victims feel secure. Hopefully, when donated, this will help some poor girl.

Vicky brought along a dummy and defibrillator to show us how to perform first aid in case anyone collapses. You must send for help and try to do what you can to make sure there is no danger to yourself before doing so. When opening the defibrillator a voice tells you everything to do step by step. Defibrillators have in the past saved peoples lives and they are now in a variety of places.

We had a lovely lunch followed by our meeting where Faye was president, treasurer and secretary. Lots of hats for her to wear.

We will be holding a cake stall on the 5th August at the celebration of 150 years since the railway came to Marulan. It should be a great day.

We hold our meetings on the 3rd Wednesday of the month in our rooms so come along and join us, have a cuppa and a chat. 10.00am to 10.30pm.

Our rooms are available to rent at a nominal fee. To book, phone Faye on 4841 0727.

## Lions Club of Marulan & District

Sunday 1st July was the date for the Marulan and District Lions Club Inc's Changeover Luncheon. (For the uninitiated, I should explain that all Lions Clubs make a big fuss at their changeovers with lunch put on for all the other Lions Clubs within the District invited. It is usually a devastatingly boring event as past, incoming presidents and VIPs all have speeches, everybody claps politely, eat their lunches and go home).....

This year, outgoing president Maureen Eddy and President elect Marlene Skipper decided to do things a little different.

Delightful, friendly little gifts festooned each guests' plate and they received a joke – some a bit racy – which had to be read out. Peter Willard threw out trivia questions which proved most interesting. And a rather strange elderly lady entertained with somewhat raunchy songs on stage at the Marulan Hall where it all happened.

The Marulan Historical Society handled the catering and the luncheon was excellent. Well done, ladies.

John Flarrey, the District Chairman seemed quite happy and his speech was short and delightful. He told the assembled guests that Marulan Lions had exceeded all other bigger, more prosperous Clubs in the district by raising \$12200 towards the Tathra Bush Fire Appeal! He added that although our Club was the smallest we had given over 4000 man hours of volunteering over the past 12 months.

Among all the awards and back-slapping, outgoing President Maureen announced a special award of a dinner badge to a member who had attended every meeting and never uttered a word. We were all thrilled when Peter took his assistance dog,

Molly, to the lectern to receive her badge which he immediately pinned to her jacket. She is now our official mascot (we couldn't find a lion). She works well for us as a crowd magnet when we are collecting!

I don't know how she did it but Marlene even managed to get everybody up towards afternoon end in a conga line!! She even got me up which is pretty difficult as I'm a shy sort.

### Letters to the Editor

How often do you wish you could read some more local news? It seems a lot of locals want the same thing.

We haven't had a great influx of articles so maybe you would consider writing a letter/email to the editor instead.

Please consider submitting a letter to the editor by email to [editor@discovermarulan.com.au](mailto:editor@discovermarulan.com.au) or drop it off at The Marulan General Store, 52 George Street.

Dear Editor,

Another tragic loss of Jerrara Road on the 30th June 2019, making four lost lives this century.

If you include the countless major single vehicle accidents that lost control, with many requiring ambulance and hospital, then per metre Jerrara Road (14km long) must be one of the most dangerous rural roads in Australia.

# Boral Marulan South Operations Newsletter

August 2018

*In our **Discover Marulan** column last month, we mentioned we'd restarted working on how our Marulan South Limestone mine operations will be continued well into this century. This month, we're extending an invitation to you to begin once again offering your feedback about our plans.*

## Securing the source of cement...

Our Marulan South Limestone mine is where up to **60 percent** of all cement products bought and consumed in NSW and the ACT begin.

The mine forms the start of our cement supply chain in NSW. Limestone is loaded onto trains which take it to our **Cement Works** at Berrima where, after blending with other materials at very high temperature, it is turned into **clinker**.

The clinker is then ground inside the Berrima mill, producing the cement 'powder' which can be bought at your local hardware store.

The mine is also an integral supplier of lime and limestone into the steel, agricultural and commercial industries

During its almost **150 year** history our Limestone site has been governed, from a planning perspective, by a collection of leases, plans and consents granted through NSW Government authorities and the Goulburn Mulwaree Council.

The mine also relies on **existing use rights**. For many years, the **NSW Department of Planning and Environment (DP&E)** has sought to replace these 'rights' with modern **State Significant Development (SSD)** planning approvals.

In our last column, we mentioned we'd started work on an SSD process in 2015, but paused when we discovered more limestone resource was available at the site.

After adjusting the studies done in support of the original SSD, we said that we're ready to move toward lodging an application with the DP&E.

## A site of state significance...

The main aim of our SSD application is to ensure we can continue to supply the state's building and construction industries with cement and concrete, made using Marulan South limestone and to supply the steel, agricultural and commercial industries with this vital raw material

To meet the objective, we're developing an application which will seek approval for:

- The mine to operate for **30** more years;
- A **four million** tonnes per year production limit;
- A **wider** and **deeper** mine design; and
- Use of the **overburden** (topsoil, subsoil and vegetation between the surface and rock) to fill the southernmost part of the existing pit, and for use in **emplacements** to be built on our lands.

More detail can be found on the Marulan South Operations website – [www.boral.com/marulan](http://www.boral.com/marulan).

You'll also find information about a **fifth** modification to the neighbouring Peppertree Quarry's planning consent for which we're also about to apply.

The modification simply seeks to transfer 'ownership' of one of the overburden emplacements from Limestone to the quarry.

### Drop in, learn more, tell us what you think!

To further explain the **SSD application** and the Peppertree **modification**, we've organised a community **drop in centre**.

Visit us at the **Marulan Hall** in **George Street** (next to Tony Onions Park) to find out more, ask your questions and leave your thoughts:

## Watch Out For This New Road Rule In NSW

From September 1 you're going to want to be a lot more careful around emergency vehicles on NSW roads, with a new law being trialed for the safety of emergency workers at roadside scenes. The new rule is going to come with a penalty of \$448 and three demerit points if you break it, so you're going to want to study up before it's put in place.

Under the new regulations, drivers will be required to go 40km/h when driving past stationary emergency vehicles when their lights are flashing - just like you're already required to do when passing a bus with flashing lights.

The new rule is designed to protect emergency workers attending to roadside scenes. "We want to ensure that people protecting us on our road network don't become casualties while doing their jobs," said the head of the NSW Centre for Road Safety, Bernard Carlon. "This rule will give extra protection and confidence that at the end of a shift they can go home safely to families and friends."

For once I think this won't be a hard rule to follow, considering most people already slow down to have a little look at what's going on, or just to avoid a speed trap. Notably laws like this already exist in many states, including Victoria and WA, and South Australia where drivers have to slow down to just 25km/h.

The new rule is going to be trialed for 12 months from September, at which point a decision will be made as to whether it will be made permanent. From September, NSW motorists will also have to watch their phone use while driving, with penalties for texting and driving set to get even heavier.

## Goulburn Regional Art Gallery

29 June - 19 August 2018

Awarded to the best painting of a notable Australian, the Archibald Prize is a who's who of Australian culture, from politicians to celebrities and from sporting heroes to artists. Prestigious and controversial, the Archibald Prize is Australia's foremost portraiture prize.

The Archibald Prize awards \$100,000 prize money for the winning artist. In its 96th year, the Archibald Prize has been held annually since 1921. An open competition, the Archibald Prize is judged by the trustees of the Art Gallery of New South Wales. Entries to the Archibald Prize must be painted in the past year from at least one live sitting.

Finalists are exhibited at the Art Gallery of New South Wales before embarking on a year-long regional tour. In the early years, all entries were hung.

### MARULAN VOLUNTEERS

**Who are we?** We are a group of local residents trying to improve the appearance of our town.

**Why do we do this?** If our town looks appealing and cared for, this will attract visitors who will support our local businesses. It also makes it a better environment for us to live in as locals.

**What do we do?** Local council mows the town's parks and some of its nature strips, but doesn't have the resources to do much more than this. The volunteers supplement the work of council by regularly cutting the edges and whipper snipping the main street and parks. We also weed the gardens in the parks, and collect litter in areas around town. Other less frequent and one-off activities have included: refurbishing the grounds at the Brewer Centre; mulching the gardens in Meridian Park; repairing and painting roadside fences in the main street; and repairing and painting the fence & rotunda in Tony Onions Park.

**How often do we do it?** Generally speaking, the volunteers work for 2-3 hours on the first and third Monday (starting approximately 9.30am) of each month.

**How can you help?** If you have spare time and are available on Mondays, then we'd love you to join us. If this time isn't suitable but you'd like to help, then please contact: David Blissett: 0400 119 016; Ellie Eggerking 0406 376 717; John Redhead: 0439 411 922

Volunteers receive a free cup of coffee on "Volunteer Mondays" at The Marulan General Store ([facebook.com/marulangeneralstore](https://facebook.com/marulangeneralstore)).

## This Month in History

100 years ago this month one of Tallong's sons, Claude Rowley Hildebrand, was awarded the Military Medal (the award for non-commissioned troops, which ranks just below the Victoria Cross) for gallantry and exceptional devotion to duty as a stretcher bearer.

Claude Hildebrand was the son of Seavers Hildebrand, also known as John Seavers Hildebrand who worked for the railways as a pumper at Barber's Creek, as Tallong was then known. His early family life was disrupted by a number of tragedies.

In 1889 when Claude was 4 years old, an older brother Seavers, aged 14, was accidentally shot dead by his oldest brother Henry, aged 17. At the inquest, evidence was given that the family was moving house at the time, the gun had been left in a corner and was knocked over, shooting Seavers in the side. In 1890, John Hildebrand was declared bankrupt, owing a quarter's rent to a Mrs Irwin. In his statement, John declared that he was living apart from his wife and had to support 5 children. It is possible that Claude's birth was responsible for the estrangement as the name of the mother on his birth certificate was not that of John Hildebrand's wife (and the name of the father was not recorded).

Further tragedy befell the family in 1891 when another son, Thomas Hildebrand, drowned in the Mulwaree Ponds at Goulburn. The boy was apprenticed to a hairdresser in Goulburn and was playing in the river on his day off. In 1908 John Hildebrand married Claude's mother, Caroline Putt, but unfortunately she died a few months later.

When he grew up Claude became a Salvation Army officer and enlisted in the AIF in Melbourne in 1915, serving as a stretcher bearer. He was wounded several times during the course of his duties in France and Belgium.

Claude Rowley Hildebrand was awarded the Military Medal for his actions on 3rd April 1918 during an artillery attack near Albert, France, part of the Allied efforts to defeat the final major German offensive. The citation said: "The enemy put down a heavy barrage on our position which was on a high railway embankment. L/Cpl Hildebrand climbed up and down the embankment through Artillery and Machine Gun fire, carrying to safety many of the men who had become casualties. He attended to his work with vigour and only stopped when completely exhausted. The cheery manner with which he carried out this dangerous work had a very encouraging effect on the remainder of the Company."

The Tallong community will be remembering Claude Hildebrand's service as well as that of many others on 11th November 2018.

## The Creative Cook

### Zooper Zucchini Fritters

Here's our twist on the good old zucchini fritter. Packed full of flavour, it makes for a perfect lunch, dinner or burger.

Ingredients:

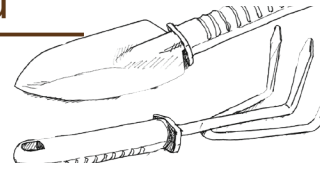

- 2 cups shredded zucchini
- 2 cups shredded carrots
- 2 cloves garlic, grated
- 2/3 cup plain flour
- 1/3 cup grated parmesan
- 2 eggs, lightly beaten
- 1/3 cup spring onion, diced
- 2 tablespoons olive oil
- Greek yoghurt, for serving

Directions:

1. Sprinkle the shredded zucchini with salt. Place in a colander and leave for 10 minutes or so. Squeeze out as much liquid as possible. Paper dry it
2. Add the carrots, garlic, flour, eggs, spring onion, salt and pepper to the zucchini. Mix it well. Mould into patties.
3. Heat the olive oil in a frypan. Place the patties into the pan and slightly flatten them.
4. Pan fry the fritters for a few minutes then flip over and cook for a few more minutes until they're crispy. Place them on a paper towel-lined plate. Repeat with the remaining mixture.
5. Serve the fritters with a dollop of Greek yoghurt atop each fritter and enjoy.

## The Garden Guru

August sees spring coming, despite the icy westerly winds that blow this time of the year. Snow Drops and daffodils are popping up everywhere. The main task this month is to plant, water and feed spring flowering annuals.

Roses should be pruned by August. Once pruned, feed and spray. This is a good month for planting new roses, open-rooted and fruit trees.

Feed all types of citrus trees with packages citrus food or complete plant food. Water well before and after feeding. Do not let fertilisers touch the trunk of the tree. Add magnesium (Epsom Salts) if the leaves are a bit yellow.

Towards the end of the month, lawns can be prepared for the coming growing and mowing season. Start looking out for Bindii, spray or dig out before it sets its prickly seed. Aerate the lawn using a garden fork. Fertilise to give the lawn a good start before summer.

Keep up with mulching and watering the gardens. Do not prune off any frost damage until after frosts have finished. The damaged foliage will give shelter.
